"Curator of the Botanic Garden, St. Louis
(Missouri)
U.S.A.

Dear sir

I take the liberty to write you and ask you a favor. — I know you are in possession of a large collection of Agaves, yuccas and cacti, and that you often import many novelties of these kinds. — Being myself a great lover of these plants, of which I possess the largest collection in the trade, I should be greatly obliged to you if you would kindly agree to send me a case full of some novelties of the various genera. — I should gratefully send you other plants in exchange, as soon as my new catalogue will be ready. I will send you a copy so that you may select such articles as may suit your purpose. —

Please let me know by an early post if you will agree with my demand and say when I may expect a case of plants from you and, in the meanwhile, believe me, Dear sir,

Respectfully yours,
Jean N. Verschaffelt
